

Tarbora::Event

```
graph BT; A[Tarbora::CreateActorModel Event] --> B[Tarbora::Event];
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box representing the base class, labeled "Tarbora::CreateActorModel Event". A vertical blue arrow points upwards from this box to a white box at the top, labeled "Tarbora::Event", indicating that the base class inherits from the target class.
